Your Voice on Capitol Hill

Policy and Taxation Group is the national voice of family offices and successful individuals. In Washington, DC, it is focused exclusively on the critical tax and economic policies impacting them.

Since 1995, PATG has been the leading advocacy group working to reduce and eliminate estate, gift, and generation skipping transfer taxes. At the same time, PATG works hard to stop all other hostile tax policies, including blocking increased income and capital gains taxes, the creation of a wealth tax, and other policies that punish hard work and success.

WHAT HAS BEEN ACCOMPLISHED

In 2021, PATG battled to prevent sweeping, historic tax increases in the Build Back Better and Infrastructure Bills that would have negatively impacted grantor trusts, eliminated valuation discounts, reduced the unified credit, and change the 199A deduction in its current form.

In 2020, PATG worked with Congressman Arrington to introduce HR5652, “The Estate Tax Rate Reduction Act”, which would reduce the rate of the estate tax from 40% to 20%.

In 2019, PATG assisted Senators Cotton and Bozeman in the introduction of S176 which reduced the rate of estate tax to that of capital gains; 20%.

In 2018, PATG worked with Senator Kyl to introduce S3638 which reduced the rate of estate tax from 40% to 20%.

In 2017, PATG was instrumental in securing a doubling of the lifetime exemption for gift tax, estate tax, and generation skipping tax to that of \$11.2 million per person and \$22.4 million per couple.

In 2016, PATG was the only organization to bring family businesses to a Hearing held at the Treasury on proposed 2704 regulations, which would have eliminated valuation discounts for family related companies. This resulted in the proposed regulations being “withdrawn” and secured valuation discounts for all families.

In 2015, PATG helped to secure the first stand-alone vote for repeal legislation in the House of Representatives in a decade, in a bill that passed the House by a 240-179 bipartisan vote.

In 2012, PATG marshaled bipartisan support to defeat a confiscatory 55 percent rate, lowering the rate to 40% with NO expiration date, providing permanency of the estate tax law for the first time in decades.

In 2010, PATG led successful efforts to secure the lowest applicable rate of estate tax in more than 80 years.
