Focused Exclusively on Critical Tax and Economic Policies

Family Enterprise USA Action engages with legislators on Capitol Hill on behalf of family offices, successful families, and family-owned businesses. It is focused exclusively on the critical tax and economic policies that impact them.

Since 1995, FEUSA Action (formerly Policy and Taxation Group) has been the leading advocacy group working daily in Washington, D.C., to reduce and eliminate estate tax, gift tax, and generation skipping transfer tax while blocking increased income and capital gains taxes, the creation of a wealth tax, and other hostile policies that punish hardworking taxpayers and success in the U.S. It is a bipartisan 501.c4 organization.
